## Installation

To use this extension, you will require to install MageDelight Base Extension first. If it is not installed then please download it from <https://www.magedelight.com/extensions/magedelight-base-extension.zip> and unzip the package file into the root folder of your Magento 2 installation.

Before installing the extension, please make sure to **Backup your web directory and store database**

You will require to install MageDelight Base Extension first. If it is not installed then please download it from <https://www.magedelight.com/pub/extensions/magedelight-base.zip> and unzip the package file into the root folder of your Magento 2 installation.

Root Directory is - "**app/code/magedelight/#YourExtensionName#**"

- Unzip the extension package file into the root folder of your Magento 2 installation.
- Connect to SSH console of your server:
  - Navigate to the root folder of your Magento 2 setup
  - Run command as per below sequence,

```
php bin/magento setup:upgrade
```

```
php bin/magento setup:di:compile
```

```
php bin/magento setup:static-content:deploy
```

```
php bin/magento cache:clean
```

- log out from the backend and log in again

If you are using Magento 2.3 or later then you do not need to activate license. Extension will be activated with silent activation mechanism and does not require activation keys to be entered manually.

Unzip the Partial Payment pro extension package file into the root folder of your Magento 2 installation.

The only extension required/ mandatory to install is for partial payment is:

Magedelight > Base

Magedelight > PartialPayment

For the partial payment pro extension you need to select any one of the below preferable payment gateway connectors package. Other payment gateway connectors package you would require to delete/remove it from the extension package. It may cause an error while installation. Below mentioned are the Payment gateway connectors for partial payment pro extensions. You would require to purchase the MageDelight Payment gateway extension package separately from the Mage Delight website.

For the offline

For the Offline (Cash on Delivery) > PartialPaymentOffline

If braintree in magento 2.3.x > PartialPaymentBraintree

If braintree in magento 2.4.x > PartialPaymentPaypalBraintree

If Payflowpro > PartialPaymentPayflowPro

For the Magedelight Authorizecim > PartialPaymentMdAuthorizeCim

For the Magedelight Cybersource > PartialPaymentMdCybersource

For the Magedelight Firstdata > PartialPaymentMdFirstdata

For the Magedelight Stripe > PartialPaymentMdStripe
