Installation

 You will require to install MageDelight Base Extension first. If it is not installed then please download it from <https://www.magedelight.com/pub/extensions/magedelight-base.zip> and unzip the package file into the root folder of your Magento 2 installation.

 Before installing the extension, please make sure to **Backup your web directory and store database**

- Unzip the extension package file into the root folder of your Magento 2 installation.
- Connect to SSH console of your server:
 - Navigate to the root folder of your Magento 2 setup
 - Run command as per below sequence,

```
php -f bin/magento setup:upgrade
```

```
php -f bin/magento module:enable Magedelight_Megamenu
```

```
php -f bin/magento setup:static-content:deploy
```

- Flush store cache
- log out from the backend and log in again

Backend Configuration (Admin side)

Enable Giftcard For Giftcard Products

[store view]

Yes

If Set to Yes, Allow Discount for Giftcard Products.

Lifetime

[website]

20

Default Validity for Giftcard Codes.

- **Enable Gift card For Gift Card Products:** Enable/disable coupon code discounts with gift card purchase
- **Lifetime :** Set life of the gift card (This would act as a default life in days for all the gift cards if admin doesn't set the life time for each gift card)

Email Settings

Notification Email From

[store view]

General Contact

This setting would allow to set the sender email and name for the emails going to the gift card customers. You can define the value of "Email settings" drop down from General > Store email addresses.

Add to Cart

- Price – Above picture is the example of fixed price which store owner has set from backend.

- For the price range there will be a price range limit written (minimum and maximum price of the gift card) and a text box where user can enter the price of the gift card they want to purchase within given range
- Send gift card online – checkbox would allow user to purchase the gift card and send via email
- Send through post office – checkbox would allow user to purchase the gift card and send a physical card on a postal address of recipient. User is required to provide postal address of recipient during checkout
- Message – this is a custom message which would be appeared on the card
- Preview Gift Card – This would display look and feel of the gift card in a popup on product details page itself

Gift card on Cart page

The screenshot shows a 'Shopping Cart' page. The main table lists one item: 'Gift card occasional' priced at \$250.00 with a quantity of 1, resulting in a subtotal of \$250.00. To the left of the item name is a preview of the gift card template, which includes a 'HAPPY BIRTHDAY' banner and a small image of the card. Below the item name, there are fields for 'Send To Friend: Yes', 'Recipient Name: sam', 'Recipient Email: sam@gmail.com', 'Message: Hey it's magedelights gift card', and 'Selected Template:'. Below these fields are links for 'Gift options' and 'Move to Wishlist'. At the bottom of the cart area are links for 'Apply Giftcard Code' and 'Apply Discount Code', and an 'Update Shopping Cart' button. On the right side, a 'Summary' sidebar shows the 'Estimate Shipping and Tax' dropdown, a breakdown of costs (Subtotal: \$250.00, Discount: -\$50.00, Shipping: \$0.00), and the 'Order Total' of \$200.00. A blue 'Proceed to Checkout' button is at the bottom of the summary, with a link 'Check Out with Multiple Addresses' below it.

Gift card in My Account

The screenshot shows the 'My Account' page. On the left is a sidebar menu with links: 'Account Dashboard', 'Account Information', 'Address Book', 'My Downloadable Products', 'My Orders', 'Giftcards' (highlighted with a red box), 'Newsletter Subscriptions', 'My Credit Cards', 'My Product Reviews', 'Billing Agreements', and 'My Wish List'. The main content area is titled 'Status' and contains a form labeled 'Enter gift card code *' with a text input field. Below the input field is a blue 'Check Status and Balance' button. Below the button, the word 'Giftcards' is displayed in a large font.

Enter the gift card code here (which user got in email on purchasing the gift card) and view all the details of gift card like status, main balance, remaining balance expiry date etc. as shown in picture below

This area is a placeholder for a screenshot showing the details of a gift card after the code has been entered, including status, main balance, and remaining balance expiry date.
