Installation

> (i) To use this extension, you will require to install MageDelight Base Extension first. If it is not installed then please download it from https://www.magedelight.com/extensions/magedelight-base-extension.zip and unzip the package file into the root folder of your Magento 2 installation.

> (!) Before installing the extension, please make sure to **Backup your web directory and store database**

- Unzip the extension package file into the root folder of your Magento 2 installation.
- Connect to SSH console of your server:
  - Navigate to the root folder of your Magento 2 setup
  - Run command as per below sequence,
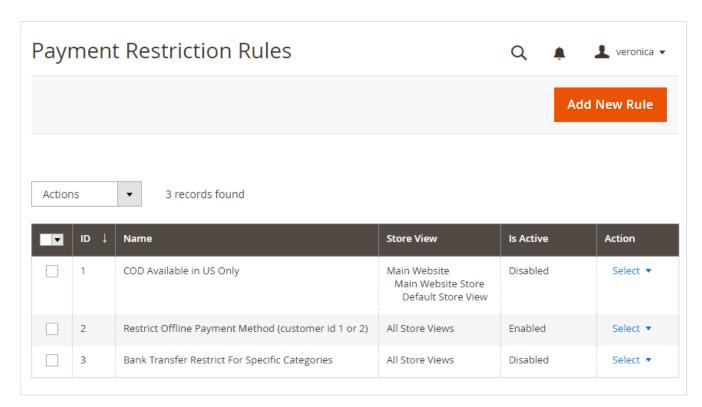

```
php -f bin/magento setup:upgrade
```

```
php -f bin/magento module:enable Magedelight_PaymentRestriction
```

```
php -f bin/magento setup:static-content:deploy
```

- Flush store cache
- log out from the backend and log in again

Backend Configuration (Admin side)

View and manage list of payment rules in a grid. From here you can add/edit and delete the rule.

Payment Restriction Rules

🔍 🔔 👤 veronica ▾

Add New Rule

|	Actions ▾	3 records found			
▾	**ID** ↓	**Name**	**Store View**	**Is Active**	**Action**
☐	1	COD Available in US Only	Main Website Main Website Store Default Store View	Disabled	Select ▾
☐	2	Restrict Offline Payment Method (customer id 1 or 2)	All Store Views	Enabled	Select ▾
☐	3	Bank Transfer Restrict For Specific Categories	All Store Views	Disabled	Select ▾

- **Add New Rule:** This will redirect to create rule page where admin can create new rule.

Click on Select dropdown link from Action Column, it will allow to edit or delete the rule.

> ⚠ With this module it is possible to create unlimited payment restriction rules.

Frontend Payment Restrictions

Below are some of the example of restriction of payment methods on frontend.
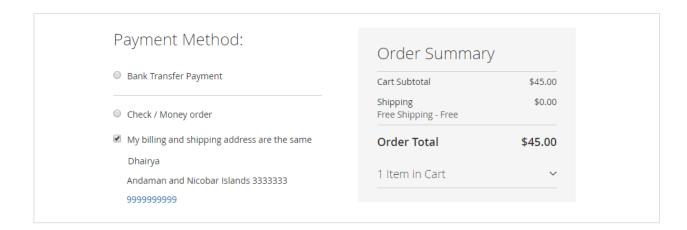

1. Restrict bank transfer if subtotal is less than 100.

2. Restrict all offline methods if discount is applied.

3. Restrict cash on delivery for Andaman and Nicobar island.
