Installation

 Before installing the extension, please make sure to **Backup your web directory and store database**

 You will require to install MageDelight Base Extension first. If it is not installed then please download it from <https://www.magedelight.com/pub/extensions/magedelight-base.zip> and unzip the package file into the root folder of your Magento 2 installation.

 Root Directory is - "**app/code/magedelight/#YourExtensionName#**"

- Unzip the extension package file into the root folder of your Magento 2 installation.
- Connect to SSH console of your server:
 - Navigate to the root folder of your Magento 2 setup
 - Run command as per below sequence,

```
php bin/magento setup:upgrade
```

```
php bin/magento setup:di:compile
```

```
php bin/magento setup:static-content:deploy
```

```
php bin/magento cache:clean
```

- log out from the backend and log in again

If you are using Magento 2.3 or later then you do not need to activate license. Extension will be activated with silent activation mechanism and does not require activation keys to be entered manually.

Backend Configuration (Admin side)

Instagram Account Configuration steps

Before setting up admin configurations, it is required to create and configure developer account on Instagram. Follow below steps to configure developer account.

1. Open url <https://www.instagram.com/developer/>.
2. From top menu bar, select Manage Clients.
3. Click on Register a New Client to create an Instagram client account.
4. After creating a client Account, click on Manage link.
5. Copy Valid redirect URI from Admin Configuration and enter into Valid redirect URIs text box under Security Tab.
6. Client Id and Client Secret key are then available in Instagram developer account.

Reviews (3)

The Bolo Sport Watch is sleek, sporty and sized just right to fit your smaller wrist.

The soft-touch resin band promises no-pinch comfort, while the water-resistant design lets you take your workout to the lap pool.

- Displays time, day and date.
- Two-tone design.

Instagram Gallery

- Click on the Instagram gallery image will open a popup as shown in Instagram image popup.
